

Periodical exam 2: submission guidelines

1. You are required to submit the solutions to all 5 phases and a writeup describing how you solved each phase. Marks will not be awarded for questions with missing answers or writeups.
2. The solutions to each phase must be submitted in the form available in the grader.
3. The writeup must be a PDF document which must be uploaded in AUMS.
4. You can submit solution at most once. Thoroughly check your solution before submitting.
5. All regular examination rules apply.
6. By submitting a solution to this exam, you also agree that the work is your own and not plagiarized from any other source. If plagiarism instances are discovered later, appropriate actions will be taken(including but not limited to 0 grade for the entire assignment). Discussing with others is acceptable and encouraged. Copying, plagiarizing, sharing source code etc is not. If you plagiarize solutions, you miss a golden opportunity to learn on your own. Just don't do that to yourself. It is ethically wrong and renders your education pointless. If you are facing any difficulty, please talk to the instructors - we are willing to help.
7. By submitting a solution to this assignment, you agree that you have read this submission guidelines and all the course policies and understood them correctly.
8. If you are stuck somewhere, please contact the instructors.
